To whom it may concern,

I am pleased to recommend Marquise Volcy following their internship with SkyIT Services. SkyIT Services, a subsidiary of GBCS Group, is a Calgary-based aviation technology and advisory company specializing in innovative solutions that optimize the performance, value, and sustainability of aviation assets throughout their lifecycle. By combining deep industry expertise with advanced technology, SkyIT helps organizations address the complex operational, regulatory, financial, and environmental challenges facing the aviation sector.

I had the pleasure of supervising Marquise during her internship from March 23rd 2026 to August 7th, 2026 where they served as a UI/UX Web Experience Specialist. Throughout her internship, they consistently demonstrated professionalism, initiative, and the ability to thrive in a fast-paced environment while meeting deadlines and collaborating effectively with their team.

During her internship, Marquise's primary responsibilities included:

- Designing on-brand digital and print assets aligned with company brand guidelines
- Assisting with website updates and visual content creation using WordPress and Elementor
- Supporting presentations, proposal decks, marketing materials, and website graphics
- Maintain consistency across all design outputs — typography, spacing, iconography, color palette
- Collaborating with the design team on active client projects and internal creative initiatives
- Assisting with formatting, layout design, and visual storytelling across various media

Marquise Volcy demonstrated a genuine passion for her role and consistently approached every responsibility with a positive attitude, professionalism, and a strong commitment to producing quality work. She was eager to learn, receptive to feedback, and willingly took on new responsibilities that contributed to the success of the team. Her ability to adapt quickly, communicate effectively, and maintain a dependable work ethic allowed her to make meaningful contributions throughout her internship. Based on my experience working with Marquise, I am confident she possesses the skills, character, and professionalism to succeed in any role and will be a valuable asset to your organization.

Sincerely,
